**RESPONSE TO NOTICE TO COMPLY WITH
NUCLEOTIDE SEQUENCE RULES**

Honorable Commissioner of Patents and Trademarks
Alexandria, VA 22313

Sir:

Applicant received a Notice to Comply with Sequence Rules 37 CFR §§ 1.821-1.825 mailed on August 2, 2004. In response to this Notice, applicant contacted the examiner who indicated that although the May 6, 2004 sequence listing submitted by applicant seemed to meet the requirements, the sequence listing submitted had not been properly stamped by the PTO group responsible for reviewing sequence listings. Applicant then contacted Mark Spencer in the sequence group, who indicated the sequence listing for this application was in compliance with the rules, and would be stamped and provided to the examiner. In a subsequent conversation, the examiner indicated that the sequence listing had been properly stamped, was now in compliance, and no new sequence listing was required from the applicant. However, the examiner requested that this letter be submitted to summarize and record what occurred and that the listing was now in compliance with the rules. No further action is required on the

applicant's part. It is respectfully submitted that the application is in condition for allowance and that a Notice of Allowance should be prepared.

Respectfully submitted,
